AMERICAN REHABILITATION MINISTRIES

Joe Garman
ARM President

ARM's Hispanic Ministry Outreach (HMO) contributes to the spiritual health and eternal welfare of thousands of Spanish speaking prisoners.

Bob and Mary Marsh, HMO Directors

Experience Target

Former missionaries to Peru
Spanish-speaking prisoners and
their families

Goal

Develop Spanish language resources

Bob and Mary have assisted **ARM** in translating and printing 120-page commercial quality Bible correspondence courses, study materials and gospel tracts, that are currently being studied by Hispanic prisoners across America, Cuba, Mexico and Puerto Rico.

OVERVIEW

Each letter an inmate writes is important to **ARM**. Many are written in Spanish, requesting Bible courses, tracts or Bibles. Some are simply thanking **ARM** for assisting them in their spiritual growth. Bob and Mary respond to each letter that requires an answer.

Without Bob and Mary these Spanish letters would pile up and never receive a personal reply. The Marshes value the soul of each man, woman, boy or girl who writes to them and encourages Hispanic inmates to remain faithful in their quest to know Christ.

RESULTS

We received a letter from a chaplain in California who informed us that 2,800 of his inmates were Hispanic and that he was in desperate need of Spanish materials but could not afford to purchase them. Thanks to Bob and Mary we were able to ship him enough Spanish literature for all of his Hispanic prisoners.

Every piece of Spanish literature sent was designed, proofread or written by the Marshes. Their addition to our staff ensures that jail and prison chaplains in America and her surrounding territories can trust **ARM** for quality Spanish resources. To Bob and Mary the soul of just one of these 2,800 prisoners is worth more than this entire world contains.

IMPACT

24% of American prisoners are Spanish speaking. . .that's almost one in every five. **ARM** has always endeavored to reach out to these, many of whom have never read even one word from the Bible. Thank God we now have Bob and Mary Marsh on our team.

The Lord has blessed, and some that have been released and deported to their respective countries have written to say that they took the gospel back with them to their families and friends. Many are involved in Bible studies and assisting in establishing churches.
